| | | Coaching Session 6 |
| Thursday Oct 28 | 2:00 – 4:00pm | Wrap Up Celebration |

Pre-Reading:

Before each seminar you will receive an email at the beginning of the week reminding you of the upcoming seminar, with the zoom link and any pre-reading that may be required. If you would like to access the pre-reading material before then, you can login to the Learning Together Platform online and find these under the specific seminar button (eg. “Seminar 1: Adaptive Leadership”). They will be available on there 10 days before the seminar date.

Resources – Post Seminar:

After each seminar the resources used in the presentation will be available to you on the Learning Together Platform under the specific seminar button (eg. “Seminar 1: Adaptive Leadership”).

Recorded Seminars:

We plan to record the seminars in case someone is unable to attend and to support learning needs. These recordings will only be available for two weeks after the seminar, through a private YouTube channel. You will be able to access them on the Learning Together Platform under the specific seminar button (eg. “Seminar 1: Adaptive Leadership”).

Forum:

After each seminar the Thought Architect faculty will post in the forum. We encourage you to take a look and join in the conversation. Since this Leading Together journey will be completely virtual, we wanted to create a place for us to interact along the way. The forum is there to share your thinking and experiences as they unfold. We value being part of all aspects of your learning in this and hope this platform will bring that sense of connection. Please feel free to express your

thoughts on a subject, attempts you tried that were successful/clunky/or complete fails. We want to hear it all. Practicing this stuff isn't easy, lets support each other along the way.

Coaching Sessions:

Coaching is a critical piece of this Learning Together design because it offers time and space for participants to process, reflect, think, plan, and decide what they need to with the information they have just been given. These sessions are intended to take your learning and integrate it into your work's everyday practice. Your coaching sessions will be one on one and are typically 45-60mins long. Once you meet your coach, together you will determine the dates and times of your sessions as well as what medium you will use to connect (eg. Zoom, skype, google meet etc...)
